## FABB Repository Tools

Fame e ABBondanza ↔ Famine and Feast

Knowing intangible cultural heritage evolution impacts also on the eating habits of today, contributing to fight the waste of food

Knowing one's cultural heritage is a key tool for cultural tourism

Food expresses a territory  
and its art of living

The living cultural heritage  
remains silent unless it is dealt  
with using contemporary  
means of transmission

**FOOD IS NOT RATIONAL.  
FOOD IS CULTURE, HABIT,  
CRAVING AND IDENTITY.**

## ANGIOLINO

Se capiste con che sguardo lui ci guarda  
mentre noi stiamo suonando  
e dal porto del suo cuore un bastimento  
nella sera prende il largo.

Ha davvero dei begli occhi da aquilotto  
il nostro amico Angiolino  
e ogni volta ci regala un bel biscotto  
il nostro amico Angiolino.

Il nostro amico Angiolino...

Ha una moglie tutta bionda e tutta bella  
il nostro amico Angiolino  
e ogni volta ci regala una frittella  
con le mele e con il vino.
