CURRENT POSITION AND WORK EXPERIENCE AT THE NATIONAL RESEARCH COUNCIL OF ITALY

Current position

2023 onwards **Senior researcher, Research Institute on Sustainable Economic Growth (IRCrES), National Research Council of Italy (CNR), Milan.** *Main fields of research:* European and Italian environmental policies and legislation (with a particular focus on the waste and water sectors and on natural disasters); national and international environmental institutions and related policies/measures; institutional interactions.

Previous research positions at CNR (2001-2022)

2011-2022 Researcher (3rd level, permanent position), Research Institute on Sustainable Economic Growth (IRCrES), National Research Council of Italy (CNR), Milan.

10.05.2010-10.01.2011 CERIS – Research fellowship; *Project:* “Operation, cooperation and management of the European Topic Centre on sustainable consumption and production” (ETC/SCP IP 2010), financed by the Copenhagen Resource Institute.

01.08.2009-31.12.2009 CERIS – Research fellowship; *Project:* “Institutional and social aspects of sustainable consumption and production (ETC/SCP)”, financed by the Danish Topic Centre, Copenhagen.

24.07.2008-23.12.2008 CERIS – Research consultant; *Project:* “Water resources management in Italy, with a specific focus on water withdrawal permits and policies related to the minimum vital flow” financed by IReR (Research Institute of the Lombardy Region), Milan.

01.06.2007-31.05.2008 CERIS – Research fellowship; *Project:* “Environmental policies in Italian urban areas and their integration” financed by APAT (Italian Environmental Agency), Rome.

03.02.2005- 31.12.2005 CERIS - Research consultant; *Project:* “European environmental policies and development of economic activities in Italy”.

20.04.2004-31.12.2004 CERIS – Research consultant; *Project:* “Analysis of: Italian legislation related to water resources, European packaging waste policy and legislation, and Swedish policy and legislation concerning climate change and emission trading”.

01.10.2003-31.03.2004 CERIS – Research consultant; *Project:* “Waste and material flow indicators”.

01.07.2002-31.12.2002 ISPRI – Research consultant; *Project:* “ERIA: Environmental regulation impact analysis” financed by IPA (Institute for the Environment), Milan.

01.01.2002-30.06.2002 ISPRI – Research consultant; *Project:* “International cooperation programs and EU initiatives in the Balkans”.

01.01.2001-31.12.2001 IDSE – Research consultant; *Project:* “Economic and environmental reconstruction programs in the Balkans after the 1999 conflict”

EDUCATION AND TRAINING

Studies

2006 PhD in International Institutions and Organisations (international law and economics), Catholic University, Milan. *Title of the thesis:* “Institutional dynamics for the management of the commons and European integration in the Black sea

	region".
2000	Master 's Course in Markets and Institutions of the Global System at the Postgraduate School of Economics and International Relations (ASERI), Catholic University, Milan.
1999	Degree in Law, Specialisation in International Law (110/110 summa cum laude), Catholic University, Milan.

Fellowships, internships, scholarships

2004 (January-May)	Fellowship at the University of Kalmar (Sweden), Global International Waters Assessment (GIWA – UNEP/GEF), concerning the Black Sea Report and the implementation of the EC Water Framework Directive in the Black Sea region
2000 (July-October)	Internship at the European Environmental Bureau (EEB) of Brussels, in the field of legal affairs.
2000	Scholarship of the Foundation "Famiglia Legnanese" for the two best graduates of the Faculty of Law, at the Catholic University of Milan, in the academic year 1998/1999.

Language skills

<i>Italian</i>	Mother tongue
<i>English</i>	Fluent
<i>French</i>	Basic knowledge

RESEARCH PROJECTS AND ACTIVITIES

Research projects - CNR

2023-2026 (ongoing)	Cooperation agreement between the Catholic University and CNR-IRCrES on research activities addressing policies and strategies for the green transition: (i) EGD policies (energy/climate change and circular economy) and administrative processes, policies to ensure the secure supply of energy and critical raw materials; (ii) expected scenarios and impacts generated by these policies/ processes and by the National Resilience and Recovery Plan for companies, economic sectors, territories, and organizations in Italy; (iii) related knowledge, skill, educational needs within the production and social system; (iv) opportunities provided by public policies to support the transition (IRCrES scientific leader).
2022-2026 (ongoing)	International consortium ETC/CE (European Topic Center on circular economy and resource use), EEA (European Environment Agency), Copenhagen, 2022-2026. Research contributions on the following tasks (as scientific leader at IRCrES): Green Transition Accelerator, 2026 (ETC leader of Subtask 1 - Mapping of objectives, policies, and interactions); Financing Europe's sustainability transition, 2026 (ETC leader of Subtask 3 – Governance structures); Science-based targets for resource use, 2025-2026; Societal aspects of a just transition to a circular economy, 2025; Circular economy and biodiversity, 2022-2023; Circular economy and climate mitigation – guidance on including Circular Economy (CE) actions into Member States' climate reporting and policy making, 2023-2024 (in 2023 ETC leader of Subtask 1 – Scoping Member States CE activities); EU plastic waste trade: insights from the implementation of waste shipment regulations, 2023; Macroeconomics of sustainability transition, 2023-2024; Circular economy practices and policies in EU Member States, 2022 and 2024; The fate of plastics, 2022 Potentials of secondary raw materials market, 2022.
2023-2024	Research agreement with IIA-CNR (Institute of Atmospheric pollution Research) to assess the effectiveness of minimum environmental criteria applied in green public procurement and the related socio-economic effects (IRCrES scientific leader).
2019-2021	International consortium ETC/WMGE (European Topic Center on Waste and Materials in the Green Economy), EEA (European Environment Agency),

	Copenhagen. Research contributions on: EU environmental targets/objectives; environmental policy integration; circular, bio-and climate-neutral economy: policies, synergies and trade-offs; trade in plastic waste; European Green Deal policies and green economy transition; potentials of secondary raw materials markets.
2016-2018	ISAAC - Increasing Social Awardness and ACceptance of biogas and biomethane, Horizon 2020 – GA 691875, European Commission. Research contributions on legislation/policy on biogas and biomethane; preparation of the survey to assess the social and environmental costs of biogas plants, as perceived by citizens, and analysis of the related data.
2016-2018	I-ZEB - Towards Intelligent Zero Energy Buildings for the growth of the smart city; Joint Agreement CNR-Lombardy Region.
2014-2018	International consortium ETC/WMGE (European Topic Center on Waste and Materials in the Green Economy), EEA (European Environment Agency), Copenhagen. Research contributions to different tasks on: EU environmental targets/objectives in EU legislation and policy; use of market-based instruments in EU environmental legislation/policy; Extended Producer Responsibility in the EU waste legislation; implementation of EU chemicals legislation by Member States (REACH); MSW management in EEA countries (Austria, France, Italy, Luxembourg, Slovenia and Switzerland); transboundary shipment of waste.
2013-2017	‘The economic evaluation of natural disasters in Italy’, in partnership between CERIS-CNR, IRPI-CNR, IDPA-CNR, INGV, SEEDS, sponsored by Fondazione Generali. Research contributions: the evolution of Italian legislation regulating civil protection and the management of natural disasters; EU, national and regional financial resources allocated for the management of natural disasters and for risk prevention/mitigation.
2012-2015	INTEGRATE – Technological innovations for the management of built areas, leader ICT-CNR, Framework Agreement between CNR and Regione Lombardia. Research contribution to frame a system of indicators for the sustainability assessment of urban areas and application to a case study (city of Milan).
2012-2015	FP7 (Seventh Framework Programme) - ‘EMinInn – Environmental Macro-level Indicators of Innovation’ ENV.2011.3.1.9-3. Research contributions on WP8 (Waste management and recycling): European waste policies and their impact on innovation; extended producer responsibility and organizational innovations in the waste sector (with a specific focus on WEEE and ELVs).
2009-2013	International consortium ETC/SCP (European Topic Center on Sustainable Consumption and Production), EEA (European Environment Agency), Copenhagen. Research contributions to different tasks on: role of food retailers in moving towards sustainable consumption and production, transboundary shipment of waste in the EU, Cross-cutting report on SCP, Green economy (European environmental objectives/targets and indicators of compliance), municipal solid waste management in Italy (with a specific focus on Lombardy and Campania regions).
2009	‘PIROGA – Integrated lake/basin project for ecological quality recovery and water management in the Pusiano Lake’ with IRSA (Water Research Institute)-CNR, for Parco Valle del Lambro (Lombardy Region).
2008	‘Estimate of the economic and financial costs associated to the implementation of the minimum vital flow in the Serio River Basin’, for IReR (Research Institute of the Lombardy Region) and Lombardy Region.
2007-2008	‘Environmental and economic impacts of paper saving through innovations in digital documentation’, for Infocamere e Wave Group.
2005-2008	2005-2008 Programme of APAT (Agenzia per la Protezione dell’Ambiente e del Territorio) in the context of ETC/RWM ((European Topic Centre on Resource and

	Waste Management), EEA (European Environment Agency), Copenhagen.
2004-2007	'Environmental policies in Italian cities', for APAT (Italian Environmental Agency), Research Programme "Environmental quality in Italian urban areas", Rome.
2005-2006	'Renewable energy policies and industrial markets for wood in Italy', for Federlegno-Arredo, Milan.
2005	Socio-economic profiles of the landfill of Cerro Maggiore – Rescaldina' with , IRSA (Water Resource Institute)-CNR, for the Lombardy Region.
2004-2005	'Socio-economic determinants of water demand in Italy' (2nd phase), in the framework of the CNR's project 'Integrated management of water resources in different geographical areas', with IRSA (Water Resource Institute)-CNR, for MIUR (Italian Ministry of University and Research).
2002-2003	'ERIA: Environmental regulation impact analysis', for IPA (Institute for the Environment), Milan.
2001-2003	'Socio-economic determinants of water demand in Italy' (1st phase), in the framework of the CNR's project 'Integrated management of water resources in different geographical areas', with IRSA (Water Resource Institute)-CNR, for MIUR (Italian Ministry of University and Research).
Other research activities	
2020	Research consultant at FEEM (Fondazione Eni Enrico Mattei, Milan); <i>Project</i> 'EU legislation and innovative business models' (identification of innovative environmental business models by SAIPEM competitors and clients).
2019	Research consultant at FEEM (Fondazione Eni Enrico Mattei, Milan); <i>Project</i> 'EU legislation and innovative business models' (identification of innovative environmental business models by SAIPEM competitors and clients).
2016-2017	Research consultant at Assolombarda – Confindustria (Milan) within the "Osservatorio sulla semplificazione normativa" (Observatory for legislative simplification): compilation of the 2017 Report.
2007-2009	Research assistant for the project "Global governance in a plural world", Postgraduate School of Economics and International Relations (ASERI), Catholic University, Milan.
2006	Research consultant for the project 'Transcrime', Catholic University, Milan.
2005-2006	Research consultant for the project "Milano globale 2005", Postgraduate School of Economics and International Relations (ASERI), Catholic University, Milan.
2004	Member of the GIWA Research Team for the preparation of Report n. 22 concerning the Black Sea Basin, Global International Waters Assessment (GIWA-UNEP/GEF), Kalmar University, Sweden.
2004	Research consultant for the project 'The internationalisation of Lombardy and Milan towards the Mediterranean: present situation and strategic guidelines', Postgraduate School of Economics and International Relations (ASERI), Catholic University, Milan.
2003	Research consultant for the project 'The Mediterranean and Europe. Political and institutional relationships, networks of firms, and technology transfer', Postgraduate School of Economics and International Relations (ASERI), Catholic University, Milan.
2001-2002	Research cooperation with IPA (Institute for the Environment) for the following reports: 'New perspectives of the Kyoto Protocol: implementation mechanisms and impacts on competitiveness', for the Italian Ministry of the Environment; 'The role of energy recovery for the integrated management of waste', for COREPLA.
2000	Research cooperation with Transparency International–Italy, concerning the OECD Convention on combating bribery of foreign public officials and the Integrity Pacts.

TEACHING

15 November 2025	Lecture 'The EU policy and legislative framework on plastic' (2 hours). Master
------------------	--

	environment governance (First level Master Degree). Graduate School on the Environment, Catholic University, Brescia
<i>17 November 2023</i>	Lecture 'The EU policy and legislative framework on plastic' (2 hours). Master environment governance (First level Master Degree). Graduate School on the Environment, Catholic University, Brescia
<i>7 October 2022</i>	Lecture 'The EU policy and legislative framework on plastic' (4 hours). Master environment governance (First level Master Degree). Graduate School on the Environment, Catholic University, Brescia
<i>8 October 2021</i>	Lecture 'The EU policy and legislative framework on plastic' (2 hours). Master environment governance (First level Master Degree). Graduate School on the Environment, Catholic University, Brescia
<i>20 and 26 March 2019</i>	Lectures ("TFEU and environmental protection", "The EU decision-making process in the environmental sector and the role of interests groups", "Policy instruments for environmental protection"). BA course in "Economic policies for the resources and the environment", Faculty of Political Sciences, Catholic University of Milan (Largo Gemelli 1, 20123 Milan, Italy).
<i>20-21 March 2018</i>	Lectures ('TFEU and environmental protection', 'The EU decision-making process in the environmental sector and the role of interests groups', 'Policy instruments for environmental protection'). BA course in 'Economic policies for the resources and the environment', Faculty of Political Sciences, Catholic University of Milan (Largo Gemelli 1, 20123 Milan, Italy).
<i>2016-2017</i>	Adjunct Professor, 'Environmental Management Law and Instruments', Faculty of Political Sciences, Catholic University of Milan.
<i>2015-2016</i>	Adjunct Professor, 'Environmental Management Law and Instruments', Faculty of Political Sciences, Catholic University of Milan.
<i>2014-2015</i>	Adjunct Professor, 'Environmental Management Law and Instruments', Faculty of Political Sciences, Catholic University of Milan.
<i>2008-2009</i>	Teaching assistant, BA course in 'Economic policies for the resources and the environment', Faculty of Political Sciences, Catholic University of Milan.
<i>20 September 2008</i>	Seminar 'The Italian legislation on biomass', Master's Course in Biomass, IBBA (Institute of Agricultural Biology and Biotechnology)- CNR, Milan.
<i>April 2008</i>	Lectures ('The EU decision-making process in the environmental sector and the role of interests groups', 'European and Italian waste legislation: the case of packaging waste'), BA course in 'Economic policies for the resources and the environment', Faculty of Political Sciences, Catholic University of Milan
<i>2005-2006</i>	Teaching assistant, BA course in 'Economic policies for the resources and the environment', Faculty of Political Sciences, Catholic University of Milan.

2005 (February-May)	Lectures ('International environmental institutions and politics'; 'The EU enlargement and the environment'; 'The EU decision-making in the environmental field and the role of interest groups'; 'The management of common pool resources'), BA course in 'Economic policies for the resources and the environment', Faculty of Political Sciences, Catholic University of Milan.
December 2003	Seminar 'Cooperation and conflicts in transboundary water resources management', BA course 'Economical and political geography', Faculty of Political Sciences, Catholic University of Milan.
June 2003	Seminar 'The EU enlargement and the environment; Free movement of goods and environmental protection in international trade agreements', Master's Course in Development, Innovation and Change (MiDIC), University of Bologna.
April 2002	Seminar 'International environmental institutions and politics', BA course in "International and European economical policies for the environment", Faculty of Political Sciences, Catholic University of Milan.

OTHER WORK EXPERIENCE

2002 (February-September)	Postgraduate School of Economics and International Relations (ASERI), Catholic University, Milan. Organising and tutor tasks with regard to ASERI Master's courses.
2001 (October-December)	European Environmental Bureau (EEB), Brussels, "Waste Unit". In charge of the main policies concerning waste (packaging, compost, sludge, etc.) and environmental liability.
2000 (October-December)	Transparency International Italy (Milan) – Collaboration on the OECD Convention on Combating Bribery of Foreign Public Officials in International Business Transactions and the Integrity Pacts.

(NATIONAL AND INTERNATIONAL) CONFERENCES AND WORKSHOPS

26 November 2025	Eionet Workshop on circular economy and resource use, Deep Dive Session 'Science-based targets for resource use: what type of resource targets can we find in EU countries?', EEA, Copenhagen, 26 November 2025, presentation 'Mapping national material goals', (with Günther J., Jensen P., Nuss P., Andrea van Acker A., van Hoof V., Vidal B.; online presentation)
10 June 2025	'Leverage effect of minimum environmental criteria: results from the survey', online meeting with associations of the cleaning industries, IIA (CNR) ed IRCrES (CNR) (with Mascioli A., Nosvelli M., Peretti C., Romaldi G.; online presentation).
9 June 2025	'Research agendas for legal protection of soil in the EU', Lisbon Public Law, Lisbon University. Presentation 'EU Soil Policy: issues and challenges' (online presentation).
21 October 2024	'Human and social sciences for the civil protection system', Dipartimento della Protezione Civile E CIMA Research Foundation, 21-22 Ottobre 2024, Roma. Presentation 'Assessing risks by integrating natural and socio-economic dimensions: a decision-support tool' (with G. Marin, M. Modica e R. Zoboli).
23 November 2023	'Sustainable finance and industrial policies – Opportunities for Brescia's businesses in the green transition', EBIS-CCIAA, Brescia. Presentation: 'European Green Deal: current state and prospects'.
25 May 2023	Bioeconomy Day - 'Bioeconomy in Italy between research and industry', CNR-SCITEC, Milan. Presentation: 'Biodiversity, bioeconomy and circular economy within the European green deal strategic framework'.
30 September 2022	'Economic and social development, sustainability, resilience, and equity. The role of IRCrES'. IRCrES-CNR Conference. Presentation: 'Analysis of environmental

	policy ad legislation’.
7-8 October 2021	Blue Planet Economy (online event). Presentation: ‘The European Green Deal: a new strategic framework for European seas and maritime space’.
8 September 2021	VIII EELF (European Environmental Law Forum) Annual Conference ‘Social and Scientific Uncertainties in Environmental Law’. Presentation: ‘The EU Policy Framework on Plastics: A Comprehensive Approach to Tackle a Challenging Environmental Problem’; hosted by Bournemouth University; online conference.
17 September 2019	40th AISRe (Italian Association of Regional Studies) Annual Scientific Conference, 16-18 September 2019, L’Aquila. Presentation ‘Post disaster debris and waste management in Italy: challenges and opportunities’ (with Modica M. and Rampa A.).
21-22 February 2019	Expert workshop ‘How demographic and technological change, and fiscal-financial policies can influence a European green economy transition’, EEA and ETC/WMGE - European Topic Centre on Waste and Materials in a Green Economy, Copenhagen, presentations: ‘The 2019 EEA Report: Preliminary results’; ‘Fiscal sustainability and green’ finance’ (with S. Speck, R. Zoboli, G. Marin, A. D’Amato).
8 February 2019	IAERE (Italian Association of Environmental and Resource Economists), Sixth Annual Conference, 7th-8th February 2019, Udine. Presentation ‘Disaster Risk Management: Building the Disaster Risk Assessment Tool’ for Italy’ (with Marin G., Modica M., Zoboli R.).
12 September 2018	VI EELF (European Environmental Law Forum) Annual Conference ‘Environmental loss & damage: attribution, liability, compensation and restoration’. Presentation ‘Extended Producer Responsibility in the EU: achievements and prospects’, INSUBRIA, Como.
7 March 2018	Bioeconomy dialogues – Green projects for local development and beyond – CNR, Milan. Presentation: ‘Chemicals and bioeconomy’ (with Marin G., Modica M. e Nosvelli M.).
15 February 2018	IAERE (Italian Association of Environmental and Resource Economists), Sixth Annual Conference, 15th -17th February 2018, Turin. Presentation ‘Building the Disaster Risk Assessment Index’ (with Modica M., Marin G., and Zoboli R.).
23 November 2017	Workshop ‘Public Administration and enterprises: simplification to promote territorial development’, Assolombarda, Milano. Presentation: ‘The cost of bureaucracy’ (Zoboli R. and Paleari S.).
22-24 June 2016	Central Europe towards Sustainable Building 2016, Innovations for Sustainable Future, Prague. Paper ‘Sustainability assessment of urban areas through a multicriteria decision support system’ (with Devitofrancesco A., Ghellere M., Modica M., and Zoboli R.).
22 October 2015	Conference: ‘Soil demand and its governance’. Catholic University, Milan. Presentation: ‘UE policy on soil protection’.
26 August 2015	55 th ERSA (European Regional Science Association) Congress ‘World Renaissance: changing roles or people and place’, Lisbon. A multicriteria decision support system for assessing sustainability of urban areas: design, implementation and application (with Devitofrancesco A., Ghellere M., Modica M., and Zoboli R.).
26 November 2014	Workshop ‘Innovation in waste management: Linking the ‘circular economy’ and the ‘waste hierarchy’, VTT Conference on ‘MINCE’, Espoo, Finland. Presentation: “Producer Responsibility and Innovation in WEEE Management”.
23 June 2014	Workshop ‘Waste Prevention and Management: Addressing Sustainability and policy design through comparative analysis’, SEEDS, Ferrara. Presentation ‘Producer Responsibility and WEEE Management and Policy in the EU’.
7 October 2013	Workshop ‘Managing waste from disposal to prevention. Conceptual, empirical and policy perspectives’, SEEDS, Ferrara; presentation: ‘Waste policy in the EU: From the environment to industry, and back to the environment?’ (with R. Zoboli).

14 June 2010	Workshop 'Environment and economics. CERIS environmental research projects', CERIS-Moncalieri; Presentation 'International systems for the control of transboundary movements of waste'.
15 April 2009	Workshop 'Research on waste management according to European standards', CNR-DTA, Rome. Paper 'Economic aspects of waste management' (with Mazzanti M. e Zoboli R.)
3 March 2009	Workshop 'Water resources and sustainable development: the role of research', CNR-DTA, Rome. Paper: 'Economic values and water management' (with Zoboli R.,)
23 April 2008	Workshop 'Not in my backyard: the problem of waste in Italy', Catholic University, Milan. Presentation 'Policies and legislation: a complex and evolving framework'.
24 January 2008	Workshop 'A new wood economy among industry, energy and climate change', Federlegno-Arredo and Fondazione Edison, Milan. Presentation 'The legal definition of renewable biomass'.
1-3 November 2007	19th EAEPE Conference: 'Economic growth, development and institutions: lessons for policy and the need for an evolutionary framework of analysis' – Porto, Portugal. Paper: 'Aggregates extraction, environmental charges and regional planning policies. Evidence on delinking and policy effectiveness in Italy' (with Mazzanti M. and Zoboli R.)
13-14 September 2007	XIX ^a SIEP (Italian Public Economics Association) Annual Conference. Paper: 'Aggregates extraction, environmental charges and regional planning policies. Evidence on delinking and policy effectiveness in Italy' (with Mazzanti M. and Zoboli R.).
6-7 December 2006	Conference 'Sustainable resource management, raw materials security, Factor-X resource productivity – tools for delivering sustainable growth in the European Union', Bruges. Paper 'Effectiveness analysis of economic instruments in resource policy' (with Legg D., Leveson-Gower H., Mazzanti M., Herczeg M., Bleischwitz R., Skovgaard M., Dige G.).
23 November 2006	Workshop of the research project 'Effectiveness of economic instruments for resource use', ETC/RWM and EEA, Copenhagen. Paper 'Aggregates taxes and charges in Italy' (with Mazzanti M. and Zoboli R.).
4-6 October 2006	European Evaluation Society, Joint International Conference, London. Paper 'Effectiveness analysis of economic instruments in resource policy' (with Legg D., Leveson-Gower H., Mazzanti M., Herczeg M., Bleischwitz R., Skovgaard M., Dige G.).
12 October 2004	'CERIS-CNR research on water resources', ISE (Institute of Ecosystem Study)-CNR, Verbania-Pallanza. Presentation "The EU WFD and its implementation in Italy".
28-29 June 2004	Workshop 'Environmental and socio-economic impacts of eutrophication in the Black Sea region', GIWA (Global International Waters Assessment), Academy of Sciences, Rostov on Don, Russia.
